C.V. - WILDLAND FIRE FIGHTER 2, NFPA 1051, 2007 *Standard for Wildland Fire Fighter Professional Qualifications*

This CV should accompany your application for Quality Assurance on the grounds of Recognition of Prior Learning for Wildland Fire Fighter 2 [Form: ACC 116].

Briefly describe your **Roll as Fire Fighter** in the following activities. Use all the headings listed below in your CV. The purpose of this is to be able to have a realistic impression of your experience to be able to assess your application fairly.

If you attended any courses related to the Criteria described in the CV, copies of the certificates can be attached.

This CV is required in addition to a certified copy of your Wildland Fire Fighting qualification or higher qualification.

Note: Please use additional paper if the space provided is not adequate.

1. General

- Your role within the incident management system

- Your role within basic map reading and compass use or other locating device radio procedures

- Your role within orienteering

- Your role within radio use

2. Human Resource Management

- Your role within evaluating the readiness of assigned crew members, given a wildland fire, an assigned task, and agency equipment standards, so that crew members are equipped and supplied for suppression duties

- Your role within briefing of assigned personnel, given an assignment, supporting information, and equipment requirements, so that the personnel are informed of specific tasks, standards, safety, operational, and special interest area considerations.

- Your role within leading wildland fire fighters in the performance of a task, given an assignment and performance standards, so that the task is safely completed within the standards in accordance with agency guidelines.

3. Preparedness.

Definition: Responsibilities in advance of fire occurrence to ensure that tools, equipment, and supplies are fire ready

- Your role within maintaining power tools and portable pumps, given agency maintenance specifications, supplies, and small tools, so that equipment is maintained and serviceable and defects are recognized and repaired.

- Your role within inspection of tools and equipment, given agency specifications, so that availability of the tools and equipment for fire use is ensured.

4. Suppression.

Definition: All activities to contain and extinguish a wildland or wildland/urban interface fire beginning with dispatch

- Your role within selection of fireline construction methods, given a wildland fire and line construction standards, so that the technique used is compatible with the conditions and meets agency standards.

- Your role within effective reduction of fire exposure to improved properties given a wildland or wildland/urban interface fire and available tools and equipment so that improvements are protected and the risk from fire is reduced.

- Your role within operation of a chain saw, given an assignment at a wildland fire and operational standards, so that the assignment is safely completed

- Your role within operating of water delivery equipment, given an assignment at a wildland fire and operational standards, so that the proper equipment is selected, desired nozzle pressure is attained, and flow is maintained.

- Your role within securing the area of suspected fire origin and associated evidence, given a wildland fire and agency procedures, so that all evidence or potential evidence is protected from damage or destruction and reported to a supervisor.

- Your role within serving as a lookout, given an assignment at a wildland fire as per agency procedures, so that fire fighters are updated or warned when conditions change.
