Exhibition information

Dates and venue

27 & 28 November 2025

Leon Ferreira Fire Station, Boksburg

The Southern African Emergency Services Institute (SAESI) proudly presents its 33rd conference, exhibition and challenges, which will be held on 27 & 28 November 2025 at Leon Ferreira Fire Station, Boksburg. This event will again become the primary showcase and networking function on the emergency services calendar. SAESI is the organisers of the SAESI 2025 Conference and Exhibition.

Conference theme

The conference theme is: **Collaborate, Train, Innovate**. The programme for the training events and challenges will include the fit-to-fight-fire challenge, and the vehicle extrication challenge.

Apart from the conference and exhibition other events will include the welcome function (meet-and-greet) and a gala dinner. The SAESI AGM will be held on 26 November prior to the conference.

Collaborate, Train, Innovate.

In this ever-changing world of emergency services it is vital to work together for a common goal, look at innovative ways to train and consider innovation due to the constant change in technology.
